

GUIDELINES

CONSTRUCTION ON FLOOD EASEMENT OWNED BY THE AUTHORITY AROUND LIVINGSTON RESERVOIR:

1. On areas within the flood easement that are subject to temporary inundation by flood waters and are above the guide contour, construction of improvements including dwellings is permitted provided that such construction is not in conflict with water quality regulations.
2. On areas within the flood easement that are subject to temporary inundation by floodwaters and are below the guide contour, construction of improvements including dwellings are allowed under the condition that (a) the floor elevation of such structure should be at least two feet above the guide contour; and (b) the construction of such facility does not violate any water quality control regulations.
3. That the owner of fee land encumbered by the flood easement is required to execute an instrument relieving the Trinity River Authority of Texas of any liability that might be incurred by such construction.

LANDSCAPING PLAN

Terms and Conditions

ACCEPTANCE:

1. This Landscape plan is offered for acceptance subject to the following terms and conditions unless specifically agreed to otherwise, in writing by a representative of _____.
2. This Landscape plan is limited to the equipment, labor and service specifically described and none other is intended or implied.

INSTALLATION:

1. Homeowner agrees to allow contractor access to property with any and all equipment and material necessary to complete the installation of an on-site system.
2. Homeowner agrees that the possibility of ground damage may occur from the heavy equipment and material being moved on-site and/or that wet ground conditions may create excessive ground damage during the installation process.
3. Homeowner agrees that during the course of the installation extra soil will be left over due to the tank displacement.
4. Homeowner agrees that existing ground cover (grass) may be permanently displaced during the course of the on-site installation.
5. Homeowner agrees that the possibility of vegetative (tree, shrub) loss may occur as a result of the on-site installation.
6. Homeowner agrees that there is a possibility that some ground settling may occur in the disturbed soil area after the contractor has completed the installation and left the premises.

CONTRACTOR RESPONSIBILITY:

1. Contractor agrees that all work shall be completed in a workman like manner according to standard practices.
2. Contractor agrees to make a reasonable attempt to minimize ground damage during the course of the on-site installation.
3. Contractor agrees to backfill around all tanks and sewer pipe placed into the ground to a minimum of grade level.
4. Contractor agrees to spread excess soil to adjacent area of the installation site unless otherwise directed by the homeowner or if inclement weather prevents this action, the soil will be left at its present location.

HOMEOWNER RESPONSIBILITY:

1. Homeowner agrees to re-grade soil in areas where soil settling has occurred.
2. Homeowner agrees to re-seed or sod areas of disturbed soil where existing ground cover was present prior to the on-site installation.
3. Homeowner agrees to seed or sod any and all areas located within the surface application area upon completion of the on-site installation.
4. Homeowner agrees to rake to grade any and all areas disturbed by the on-site installation.
5. Homeowner agrees to dispose of any stumps or roots exposed or removed during the course of the on-site installation.

**INSTRUCTIONS FOR EXECUTION OF
AFFIDAVIT TO THE PUBLIC**

Attached is an Affidavit to the Public for actual water usage. The Trinity Authority requires an Affidavit to the Public be filed at the County Courthouse anytime an Aerobic Treatment Unit is installed or when two or more lots are bound together by a wastewater system. This document will be filed with the property deed to notify prospective buyers of conditions present. This affidavit must be completed and returned to our office as soon as possible so we may authorize installation of your system. Please complete the following steps concerning this document:

- (1) Read the Affidavit to the Public, sign and date it where indicated before a Notary Public.
- (2) Return the Affidavit to the Public to us with a check made payable to the County Clerk in which your property is located. Please put your Driver's License Number and birth date on the check.

If you have any questions, please contact this office at (936) 365-2292.
